A written solution and hardcopy of every code, input or output must be submitted for each problem. An electronic copy of our code must also be submitted to me via e-mail, in a unique zip or tar/gzip file, named <FirstnameFamilyname>. Requests for extensions on homework should be done before the due date; unexcused late assignments will be penalized. You are encouraged to discuss the homework problems with your classmates, but your final submission must be entirely based on your own independent work (see the Duke Community Standard).

From Chapter 4 of the textbook:
